

WEATHER LUX 3 WATT LED

A wide range of design and performance features make the WEATHERLUX LED luminaire ideal for exterior and selected interior locations. Its robust construction of a cast aluminium base and polycarbonate diffuser make it ideal for use in schools, leisure and community centres and all industrial parks and public access areas either as an emergency or mains luminaire. Offering 3 high intensity white CREE LEDs as the alternative lamp source compared to a conventional 8 watt tube, the WEATHER LUX offers the client long term maintenance and operational cost saving compared to conventional 8 watt luminaires.
